NORWAY AND VICINITY

Big Moose from Aroostook.

J. Waldo Nash is mounting a fine
moose by George W. Richards of
Rensselaer, Oxford.

George W. Richards and J. S. Rich-
ards of Portland went on a ten days hunt
on the Machias river above Ashland and,
last Thursday, shot this moose.

Mr. Richards fired three shots at the
animal before the moose saw him, then he
the moose turned facing him. He fired
another which struck the moose in the
nose and went back into his neck. The
moose started to run but had gone only
about twelve rods into a swamp when he
fell. This is Mr. Richards' first moose.
Mr. R. had Sam Pelky of Fort Fairfield
for guide and a hard job they had in
sacking this moose out three miles or
more. The head with a nice set of
horns and skin and hind quarters were
brought to his home in Oxford.

There were from two to three inches
of snow on the ground where they hunt-
ed, last week.

Mr. Richards remembered the printer
with a generous piece of moose steak.
We invited landlord John Woodman
and wife to share it with us. The cook,
and clerk Brock had a taste of it.
We suppose it had the genuine
Aroostook moose flavor and we called it
good. Mr. Woodman and the editor
would have much preferred to have seen
Mr. Richards when he first sighted over
the rifle barrel and he drew bead on the
monster in the Aroostook wilds than to
eat the steak, however we were not per-
mitted to do that and shall have to take
Mr. Richards' word that he didn't
tremble or shake a bit. He got the
meat and that is what he went after
and we got a piece of the meat.

Red Spotted Beauties.

George I. Cummings of the firm of C.

a birch mill at Bemis, went on a trip
around the Rangely lakes with his
crew of workmen, last Sunday.

They made a trip of about 45 miles on
the steamboat visiting all the points of
interest on the lakes, most of which
were entirely new to the workmen.

Near the bridge that crosses the Kene-
bago river he reports seeing red spotted
trout spawning that weighed in the
vicinity of six or eight pounds apiece.

The law is on now and until next spring
George will not have a chance to lift any
of these beauties. A great many sports-
men are out after deer in this vicinity.

Third Annual Sale.

The third annual sale of the Veranda
Club was held Wednesday afternoon
and evening of this week. The hall was
crowded all day and the fair was a suc-
cess in every particular.

The articles on sale consisted of fancy
work of every description, household
necessities and miscellaneous articles,
most of which were made by the ladies
of the club. Ice cream and cake were
on sale during the day, but before even-
ing everything in that line had disap-
peared.

A doll, a sofa pillow and an afghan
were put up in contest. Ten cents a
guess was charged for the doll. The
doll was won by Angie Ripley, who
guessed nearest the price of it, all
dressed. The sofa pillow was won by
Rev. C. B. Angell, pastor of the Uni-
versalist church, the being voted the most
popular minister. Ida Hall drew the
afghan.

At about nine o'clock Charles Akers
took the stand as auctioneer and sold
the small articles of the day. The
floor was then cleared and dancing
was indulged in by the young people till
a late hour.

During the evening phonograph selec-
tions were given.

All money taken in will be used for
charitable purposes.

a good business and is liking well. He
will return here and open his Cottage
Street Studio in about two weeks.

from home in his life.

Catharine G. Briggs of South Paris, a
nurse from the Central Maine General
Hospital in Lewiston, is at J. C. True's
caring for their little Marion, who is still
very sick. At first, it was feared it
might be another case of appendicitis.

M. Louise Staples did not sing at the
Congregational church, Sunday. She
and her father, G. S. Staples of Canton
were in Boston visiting relatives and
friends. Mrs. B. F. Bradbury sang
soprano with the quartet. This made
the same quartet that sang a few years
ago.

John A. Woodman of the Beal's
House, W. B. Cole, Percy M. Walker
and G. E. Corner of Auburn start this
Friday for Molokai camps in the
Aroostook wilderness on a hunting ex-
pedition. They expect to escape being
shot and to each kill two buck deer
while spreading synthetic netters bear-
ing nine to seventeen points, to say
nothing about moose, black or cinnamon
bears which are said to overrun the
country thereabouts.

A small sum of money, if used judi-
ciously, would make a vast improvement
in the condition of the board sidewalks
of Maple, Whitman and several other
streets about town. In many places
where holes have been worn through
other boards have been "patched" and
any one using the street is liable to
be tripped by the uneven surface, and
over them. There are also a num-
ber of loose boards that should be nailed
down. This should be attended to at
once.

Norway Municipal Court.

Three cases came before the Honor-
able Court, the past week.

Frank A. Durgin of Sweden was ar-
rested by deputy sheriff Thad. Cross,
Tuesday, on the charge of assault and
battery preferred by Benj. D. Knight of
Sweden. It grew out of some difference
between the two men when the parties
were working on the highway by
Durgin striking Knight. Durgin plead
guilty and paid a fine of \$1.00 and costs
of \$1.00.

After being continued for several
times, the case of State vs. liquor seized
by Tucker and Bassett, en route for
North Waterford on Sept. 20th, was set-
tled. No one appeared to claim the li-
quor and it was forfeited.

James Smith, a tramp, was arrested at
Bryant's Pond and brought before the
Court. Smith said he came from Rum-
ford Falls and made no defense of violat-
ing the tramp law or of being a vagrant.
He did, however, say he was sick and
could not work and was on the way to
Portland, where he was to enter a hospi-
tal for treatment. When asked by the
Judge what sentence he should make
the respondent had no wish in the mat-
ter. The Judge said he guessed 30 days
in jail would be about right and pro-
ceeded to make out the paper for that
length of servitude when Smith inter-
posed and asked that it be made 80 days
instead of 30, saying he hoped to regain
his health in that time. The mitimus
was made sixty days in compliance with
his request.

Stearns' Orchestra is to have social
dances at Norway Opera House, Satur-
day evenings. This is a guarantee that
the music will be good and the dance
first-class. Thomas Thibodeau will be
the floor manager.

Five foxes and six coons have been
credited to the hunting party at Camp
Cinnamon and represents two weeks'
hard labor for some dozen men and
several dogs. One of the coons was
fifty-one inches from the tip of its tail
to the tip of its nose and would weigh
four or six pounds. It might have
been mistaken for a bear by a timid per-
son.

Explanation Yeaton-Everett Suit.
Samuel K. Yeaton of Oxford says the recent suit over a cow did not originate in a family row and that the cow in question was sold to Charles J. Yeaton before the death of Thomas T. Yeaton. Mr. Everett sold the cow to Alden, Puffer of Auburn, in June before the death of Thos. T. Yeaton.

While returning from Rumford Falls with his hay team something started one of his horses which sprang forward, causing one wheel to run against a post near Concord river bridge in Rumford. These Beautiful Days.

All who cast their eyes at the side hills of this section, and one cannot look up without seeing hills, must acknowledge that this is the most beautiful season of the year. There never was a landscape handsomer in October than now. The fields are wearing as deep a green as is usual in May, and the woodlands present the brightest of autumnal tints. The heavy rains have made the roads through the woods slightly muddy, but in the open they are hard and smooth with but little dust. The cattle feeding upon the hillside, the farmer gathering his harvest, and the living birds and animals which are always to be seen at this time of year cannot fail to interest the traveler as he rides through the country. Game is in abundance and the woods resound with the crack of the rifle but all come home happy and cheerful. Who could help it with the beautiful October days we are now having.

JOYFUL MATERNITY.

Hopeful Words to Childless Women. Two Grateful Women Tell How They Were Helped by Lydia E. Pinkham's Vegetable Compound.

How shall a mother who is weak and sick with some female trouble bear healthy children?

How anxious women ought to be to give their children the blessing of a good constitution!

Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in women is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers.

The Story of Mrs. De Bett and Her Baby Girl.

"DEAR MRS. PINKHAM:—Before I took your medicine I suffered for years. Life to me was a torture. I often wished I were dead. I had no children, and the doctor said I never could have. Menstruation was very painful, also suffered with severe pains in left ovary, had pains in my back and heart, terrible headaches, and weakness of the kidneys. I tried everything, had womb dilated twice but that did no good. I got discouraged and wanted to let the doctors go and try your medicine. After writing to you explaining my case, I followed your advice carefully and with the result that I never felt so well in all my life. I am indeed a new woman and have a loving little baby girl which is the happiness of my home. I feel that I owe my life to Lydia E. Pinkham's Medicine, and feel very proud to recommend it to others. I hope that many others will follow my example and that homes may be brightened as mine has."—Mrs. LUCY DE BETT, 80 1/2 S. Halstead St., Chicago, Ill. (March 1, 1901.)

"DEAR MRS. PINKHAM:—I must write and tell you what your Vegetable Compound has done for me. Before taking your medicine I was unable to carry a babe to maturity, having lost two—one at six months and one at seven. The doctor said next time I would die, but thanks to Lydia E. Pinkham's Vegetable Compound, I did not die, but am the proud mother of a six months old girl baby. She weighs nineteen pounds and has never seen a sick day in her life. She is the delight of our home."—Mrs. A. D. JARRET, Belmont, Ohio.

ANDOVER.

Trips Abroad.

Dr. and Mrs. Miller of Providence, R. I., who have spent their summers at the Gregg house for some years, contemplate a trip abroad in the near future.

Rev. W. F. B. Jackson and family of Providence, who have spent the past summers at the French house, will go abroad another year, and we shall miss their presence as well as help in church matters and society affairs.

Louise Howe and Mary Cushman left for their home in Brooklyn, Oct. 15. Jane Cushman, who has been at the Gregg house, the past summer, also left for her home in Brooklyn, the 15th. She will probably go abroad, another season.

Mina Stevens left for Dover, N. H., recently, on a visit to her mother and sister.

E. S. Poor and son have gone to Upton with their threshing machine and engine.

Eva Adams has spent a few days at her uncle's, H. D. Abbott's, at South Andover.

F. Russell has the addition to his stable up and the roof on. It will be 40 feet long.

A. W. Dunning returned from Farmington on Friday, Oct. 18. He is moving into the cottage at Henry V. Poor's residence.

Nathan Akers, Harry Thomas, Misses M. Stevens and Harriet Learned took dinner at the Lakeside House, Errol, N. H., Oct. 13.

Mrs. C. W. Blanchard and Mrs. A. E. Elliott of Rumford Point spent Wednesday, the 16th, with Mrs. A. M. Newton at John Hewey's.

Two young men from Lewiston are staying at Milton's hotel. They go past, daily, with their guns and have shot several partridges.

Wm. Gregg returned from New York with several fine horses. One, a valuable animal, has died since he arrived. It had a record of 2.19.

Albert Cushman of Somerville, Mass., is visiting friends and relatives here. He spent a week in Norway with Mr. and Mrs. C. H. Adams.

The sportsmen are improving their time and opportunities. Frank Newton killed a deer at Andover North Surplus, weighing over 100 pounds.

Frank and Arthur Newton left on the recent excursion for Boston. On his return, Arthur visited Gray's business college in Portland for a course there.

Asa West is improving his lot in the cemetery by putting in stone upon which he will put a steel setting. He will get out stone for the foundation of Mrs. H. E. Hall's new house.

Mr. and Mrs. Frank Field have gone to North Andover, Mass., where Mrs. Field will spend the winter. Vine and Irene will follow them, this week. Nora will remain and finish her school in district No. 4.

The lumbermen are getting ready for their annual logging season. Several teams with crews have already been passed here, en route for their logging headquarters. More logging will be done in and around Andover than ever before.

The party from Andover, who attended the Pan-American on the excursion which left Bethel, Oct. 1, arrived home, the 14th. They visited Niagara Falls and spent a day in Montreal, besides visiting all the places of interest at the exposition and in and about Buffalo.

Andrew Carnegie by the way, has become interested in the library affairs of Andover. This town among the picturesque Oxford hills has already a superior library of over 4000 volumes. The library is kept in an addition recently built on the town hall. Major Stephen Cabot, a well-known and influential resident of Andover, has written to Mr. Carnegie, asking him the favor. In reply Mr. Carnegie has given him the assurance that he might easily be persuaded to erect a library building in Andover, could he feel assured that the town would be responsible for the support of the library afterward.

Rev. G. B. Hannaford was called to Rumford to attend the funeral services of William Elliott, Mr. Elliott was 84 years and 5 months of age. He had been a resident of Rumford, since 1843. He was a son of Jacob and Betsey Elliott, who came from Concord, N. H. His father and mother were people of the old school. A teacher of the school on Red Hill, where the older children attended, said of them: "They were children well bred at home." He could discern the excellent home training they had received. Mr. Elliott was one who ruled by love, not fear. He was a man of broad mind and fine intellectual qualities. I remember once in talking with him on the cause of the dark day we had in August more than 20 years ago. He explained it in a very lucid manner, giving the scientific effect of such a phenomenon. Mr. Elliott has a fine family of eight children, all of whom are married save two—John, who is in the far Northwest, and Charlotte, who has tenderly cared for her father in his declining years and since his wife departed this life in 1885. Mr. Elliott's name was not on the church book, but he was ever a constant attendant at church and ready to assist in church work. Six of his children are members of the visible church, to my knowledge. Mr. Elliott's principles were for the right and truth, always. His loss will be much felt in the community and we believe his influence will live long after his life has passed from earth.

The Seavey boys are trapping on Sidney Lincoln's land. There seems to be a plenty of game.

There was a prayer-meeting at John Eastman's, Thursday evening, the 17th. About 45 attended.

Mrs. Kate Murch and husband of Portland have been visiting here. Mrs. Murch is Mr. Eaton's oldest daughter.

James Chambers and Herbert McKenna of Boston were in the place, recently, as the guests of Andrew Cole and wife.

The man that wears the broadest smile on his face in this place is Elmer Henderson. It is a boy, born on the 18th.

Charlie Mason and wife of Fryeburg were in the town, a short time ago, and made his sister, Mrs. Lewis Dennett, a visit.

When a woman doesn't take any interest in her household—

When the least exertion tires her—

When her back aches constantly—

When her head troubles her—limbs pain, and she feels generally miserable, it's a pretty sure indication that her kidneys are not doing their duty.

That backache is simply kidney ache—

The poison the kidneys should take out of the blood is left in, and is breeding all sorts of dire diseases—

But you can stop it—

Doan's Kidney Pills

Act directly on the kidneys—strengthen them, help them to do their duty.

Read what one grateful woman has to say about it.

Mrs. S. Lake, professional nurse, residing at 39 Temple street, Nashua, N. H., says:

"It afforded me great pleasure early in the spring of 1896 to testify to the wonderful value of Doan's Kidney Pills. I had suffered for four or five years with severe pain across the small of my back and had been unable to obtain any permanent relief until I took a course of their treatment. It afforded me great pleasure, and I am nearly three years since I gave my original statement for publication, to say that my opinion of Doan's Kidney Pills has been strengthened instead of weakened by the lapse of time. Not only was the cure effected in my case permanent, but I know of many others in Nashua who have reason to be thankful for the existence of these remarkable preparations."

To Prevent Catching Cold

Keep Your Lungs Warm During the Day, and Your Feet Warm During the Night.

To keep your lungs warm you want one of our flannel or chamolins lung protectors, or better still a chamolins lung protector jacket to be worn next the person. Made for men, women and children in sizes and shapes to fit everybody from a baby to the largest man. Probably we have your size on hand, but if we don't we will get it for you. Prices according to size and quality.

To keep your feet warm you want one of our nice soft rubber hot water bottles. These are better than soapstones because they hold heat longer, won't burn the bedclothes and are soft to the feet. Sizes from two quarts up. Prices according to size and quality.

If you use the lung protector and the hot water bottle the chances are that you won't catch cold. But if you do catch cold, don't forget that great remedy, Stone's Cough Syrup, 25c a bottle.
